#### **Ready to contribute to the future of the automotive industry?**

Whitin **Hitachi Astemo Europe**, focusing on world-leading advanced mobility solutions within the fields of electrification, autonomous driving, and connectivity to help reduce environmental damage, decrease traffic accidents and improve comfort.

Together, we contribute to a sustainable society and improved quality of life by providing mobility solutions that satisfy our customers and form the future core of automotive and motorcycle systems.

In Lisbon, we are a Business Service Center supporting Europe plants (who are producing automotive braking solutions) in Finance, Procurement and IT fields.

We respect each other, never pass the buck and work creatively to accomplish our mission. Our people are given exciting opportunities to develop and grow in a truly international business, where they are proud to be part of a collaborative and innovative team. Diversity & Inclusion is valued to build and leverage an inclusive work environment and embrace diversity to unlock our full potential. We believe that this will give us the strength to drive great innovations to create new values for people, vehicles and the society, and to unlock our full potential to become a global leader in everything we do.
