

## Diversas formações - Estágios: Tabaqueira - Philip Morris International

Tabaqueira - Philip Morris International: The BOOST Internship Program - programa de estágios com início em setembro de 2023 e para o qual as candidaturas já se encontram abertas.

O programa de estágios terá a duração de 12 meses, e tem associada uma bolsa no valor de 1130 euros brutos.

.....

The BoostT Internship Program is live with support from The Key Talent Portugal!

Two paths, one goal, to #MakeHistory: if you want to help us with positive change and you are interested in learning more about our opportunities in the **Commercial or Operations areas**, during a 12-month paid Internship Program, then this program is for you.

We are looking for all sorts of academic backgrounds for our two paths. The **Commercial Path** offers opportunities to candidates from **Economics, Management, Finance and Communication**, and the **Operations Path** offers opportunities to candidates from **Engineering, Industrial Management and Logistics**, all of which must have an action-oriented and analytical mindset, great communication and interpersonal skills. Because in the end, it's our People that make the difference, and we want YOU to be part of our team.

BoostT will start on September 2023, in Albarraque, near Sintra, and you must have full time availability.

Are you ready to BoostT your career? Apply here →
