

**Trainee
(Sintra)****What is this 'Talent in IT'?**

We provide end-to-end technology oriented HR solutions to our clients, meeting their staffing and training needs to the highest level and making sure that our candidates get the jobs they have long been looking for. We also don't forget to help IT ninjas excel their skills with our Training Labs.

If you want to be the next piece in the Talent in IT puzzle and want to grow within a team of young and dynamic players you must be motivated to jump out of bed every morning with the drive to change people's lives for good!

We are looking for someone...

- With a University degree in any area. We seek attitude, the rest we'll manage;
- With very good knowledge of English (we mean it!);
- With strong communication skills;
- Eager to learn and push the limits everyday;
- Curious about the latest technology trends;
- With a creative problem-solving mindset;
- Empathic and with a sense of connection, a genuine people's person;
- With sense of humor (grumpy is not with us);
- Really – we mean *reeeally* – good at investigating things on his/her own;
- Detail and goal oriented;
- Structured, organized, with great prioritizing and time management skills (hello, desk full of to-do lists!).

It would be great - but not mandatory - if you have:

- Previous experience in IT Recruitment and/or knowledge of a recruitment process from A to Z.

Are you up to this challenge? Then run and send us your CV to paula@talentinit.com with the reference **TRAIN_2016**

We'll talk soon ☺
